As a team they had 8 wins for the season, losing only one dual meet. They won four major events, the Palatine Relays, Class B County Meet, Salem Invitational and the Northwest Suburban Conference Meet. Probably their finest accomplishment was in the Northwest Conference Meet who never got much recognitive the season leg of the 880 relay.

Bob Flood, the team's most improved, started the season all season, Jim Litchfield ran the 440 in 53 flat and his best effort for the season was in winning his heat at the State qualifying meet at Evanston. Tyrone Walls was been a steady competitor all year and barely missed qualifying for the State meet.

scars are reduced-or reduced equally - physicians using dermabrasion report dramatic improvement in a vast majority of cases.
When performed by an ex-

pert, the process is safe and painless. After the skin is anesthized by means of dry ice, the physician strokes a stiff-bristled rapidly rotating brush across the patient's face. Within 24 to 48 hours, the skin swells and develops extensive crusting. These crusts are shed in 10 to 14 days, leaving the skin soft

and pink. Gradually — within six weeks to six months—the skin returns to normal.

In some cases, the maximum cosmetic effect cannot be reached with only one abrasion. When this happens, two or three successive abrasions-given at three to

### GROUNDHOG CONTROL DEMONSTRATION

Under a co-op agreement legislated in 1963 the state agriculture department and the U. S. Fish and Wildlife Service are working together to control the groundhog, Upon request of county farm advisers, agents or any interested group of persons, a demonstration of control methods will be given free

Included in the demonstraion is information on how to use special lethal controls and how permits for such use are obtained. One of the most popular methods of control is with a gas cartridge that is placed in the entrance to a burrow. When ignited the gas emitted burns away all the oxygen in the burrow

and kills all animals within it. These has cartridges may be obtained for 10 cents each. To date, 66,220 of the cartridges have been used
